Modification No. 3
To
Basic Ordering Agreement No. 26389-001-01 48

Between
Fluor Hanford
and
Hewlett Packard Company

Introduction

Whereas, Basic Ordering Agreement (BOA) No. 26389-001-01 48 was entered into by and between The Regents of the University of California Los Alamos National Laboratory on behalf of the Department of Energy (DOE) and Integrated Contractor Purchasing Team (ICPT) and Compaq Federal, LLC. and subsequently through the issuance of modification No. 2 was changed to read the Basic Ordering Agreement (BOA) No. 26389-001-01 48 is entered into by and between Fluor Hanford on behalf of the Department of Energy (DOE) and Integrated Contractor Purchasing Team (ICPT) and Hewlett-Packard Company (HP).

Whereas, in consideration of the mutual covenants and agreements, Modification No. 3 hereby modifies and amends the terms and conditions of the DOE-ICPT basic ordering agreement, extends the period of performance and incorporates a new product listing and discount for ICPT use.

Agreement

1. The terms and conditions shall be in accordance with Basic Ordering Agreement General Terms and Conditions for Commercial Items and Services DOE Contractors (01/06) http://bechteljacobs.com/icpt/ts&cs.html

2. Article 7, Amendments to Terms and Conditions in BOA 26389-001-01 48 shall be amended to include limitation of liabilities as follows:

LIMITATION OF LIABILITY AND REMEDIES

a) Products are not specifically designed, manufactured or intended for sale as parts, components or assemblies for the planning, construction, maintenance, or direct operation of a nuclear facility. Customer is solely liable if Products or Support purchased by Customer are used for these applications. Customer will

indemnify and hold HP harmless from all loss, damage, expense or liability in connection with such use.

b) To the extent HP is held legally liable to Customer, HP's total liability is limited to: payments described in Sections Warranty i) and Intellectual Property. b) above; damages for bodily injury; direct damages to tangible property up to a limit of U.S.$1,000,000; other direct damages for any claim based on a material breach of Support services, up to a maximum of twelve (12) months of the related Support charges paid by Customer during the period of material breach; and other direct damages for any claim based on a material breach of any other term of these HP Terms and Conditions of Sale and Service, up to a limit of U.S.$1,000,000 or the amount paid to HP for the associated Product, whichever is less.

c) Notwithstanding Section b) above, in no event will HP or its affiliates, subcontractors or suppliers be liable for any of the following: incidental, special or consequential damages (including downtime costs or lost profits, but excluding payments described in Section 11 above and damages for bodily injury); damages relating to Customer's procurement of substitute products or services (i.e., "cost of cover"); or damages for loss of data, or software restoration.

d) THE REMEDIES IN THESE HP TERMS AND CONDITIONS OF SALE AND SERVICE ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES.

3. The products offered in Attachment A to the BOA are hereby replaced with Attachment A to this Modification. The pricing which is proprietary to HP can be obtained by contacting the HP representative. The product offering includes the Internet List Price for both GSA and non GSA items with an ICPT discount level for items by product line applied to the current Internet List Price. To ensure the products offered under this ICPT BOA are current technology, HP will propose new product exhibits and agrees to negotiate a fixed discount with Fluor Hanford as new products are introduced by HP.

If HP or the Contractor find any situations in which the GSA discount is better than ICPT BOA Price, HP and the Contractor will negotiate an adjustment and correct the situation to ensure that all ICPT BOA pricing is lower than GSA.

4. Article 1 – Scope of Work

The term of this Agreement is extended through 9/30/11. The term of the Agreement is Evergreen and can be extended by successful performance of the Seller.

Except as changed by this modification No. 3 and Modification No. 1 and 2 to ICPT BOA No. 26389-001-01 48, all terms and conditions remain in full force and effect.
